

Guowen Huang

Department of Mathematics
Shantou University
Shantou, Guangdong, China
guowenhuang@stu.edu.cn

+86 19526898361

EDUCATION	<p>University of Glasgow, Scotland, UK Sep 2013 – Dec 2016 PhD in Environmental Statistics in School of Mathematics and Statistics Supervisors: Duncan Lee; Marian Scott. Thesis: <i>Quantification of Air Quality in Space and Time and its Effects on Health.</i></p> <p>Tianjin University, Tianjin, China Sep 2010 – Mar 2013 Master in Industrial Engineering in College of Management and Economics Graduated with College Honors.</p> <p>Nankai University, Tianjin, China Sep 2006 – Jul 2010 Bachelor in Physics in School of Physics Graduated with College Honors.</p>
WORK EXPERIENCE	<p>Associate Professor, Shantou University, China Jan 2021 – present [1] Bayesian hierarchical modelling, air pollution health effects.</p> <p>Postdoc, St. Michael's Hospital, & University of Toronto, Canada Aug 2018 – Aug 2020 [1] Extended Study on Air Pollution Risk Model for Three Pollutants.</p> <p>Visiting Researcher, Imperial College London, UK Aug 2019 – Dec 2019 [1] Case-crossover model for snakebite in India.</p> <p>Postdoc, National Tsing Hua University, Taiwan Dec 2016 – Jul 2018 [1] Spatio-temporal modelling of PM_{2.5} in Taiwan. [2] Spatial Signal Detection Based on Small Area Aggregated Data.</p>
TEACHING EXPERIENCE	<p>Shantou University Jan 2021 – present Course instructor of: Bayesian Statistics; Sampling Techniques; Multivariate Analysis; Mathematical Statistics; Spatial Statistics; Linear Regression</p> <p>University of Toronto May 2019 – Jul 2019 Course instructor of STA302 (Linear regression)</p> <p>University of Glasgow Mar 2014 – Jul 2016 Graduate Teaching Assistant in Student Learning Service <i>Centered on assisting students from diverse departments with their statistical challenges, I have deepened my comprehension of handling varied data types across a wide array of subjects, encompassing medicine, health, disease, sports, engineering, and economics. My experience spans over 300 individual appointments (each lasting an hour), over 10 workshops attended by 10 to 20 students, and the delivery of three lectures to audiences exceeding 200 students in each instance.</i></p> <p>University of Glasgow Aug 2013 – Jul 2016 Teaching Assistant <i>Courses included: Introduction to R programming, Introduction to Statistics: learning from data, Data modelling in action.</i></p>
ADMIN-ISTRATION	<p>Leader of the Statistics Teaching and Research Group, 2022 - present. <i>Being responsible for overseeing and coordinating the activities related to statistics education and academic research. Guiding the development of curriculum and teaching materials, ensuring the quality of statistical education, fostering a collaborative research environment, and promoting the advancement of statistical knowledge among both educators and students.</i></p>
LANGUAGES	<p>English, Chinese</p>

SKILLS	Proficient with: R (daily used); Familiar with: C++ , SPSS , AWS , Python .	
HOBBIES	Badminton, Skiing, Billiards, Table tennis, Swimming, Driving	
GRANTS	Shantou University Research Startup Fund, RMB 250K	2021 – 2024
	Mitacs: Globalink Research Award Abroad for research abroad, CAD 6K	2019 – 2019
HONORS & AWARDS	<ul style="list-style-type: none"> • Certificate of Qualification for University Teachers • Advanced Big Data Technology Applications Professional Technical Certificate • Excellent Mentor Award • China Scholarship Council funding for PhD degree • National Scholarship for Master degree • Nankai University Excellence Scholarship for each year 	2022 2021 2021 2013 – 2016 2010 – 2013 2006 – 2010
JOURNAL REVIEWER	The Lancet Planetary Health; Biostatistics; Environmetrics; Biometrical Journal; Journal of the Royal Statistical Society: Series A (Statistics in Society); Journal of the Royal Statistical Society: Series C (Applied Statistics); Spatial Science; International journal of epidemiology; Atmospheric Environment; Environmental pollution; Spatial and Spatio-temporal Epidemiology; Journal of Environmental Informatics; Epidemiologic Methods.	
SUPERVISION	2021 - present: <ul style="list-style-type: none"> • Supervised 7-8 undergraduate theses annually. • Examiner of BSc and MSci programmes at Shantou University annually. • Master student: Feng Liu. • Annual mentor for National College Student Mathematical Modeling Competition. Guided multiple teams to win First, Second, and Third Prizes. • Guided the 2021 Greater Bay Area Cup Guangdong-Hong Kong-Macao Financial Mathematical Modeling Competition. Won the Innovation Copper Award the First Prize. 	
INSTRUCTOR'S TEACHING PERFORMANCE	<ul style="list-style-type: none"> • University of Toronto Methods of Data Analysis I (4.3/5), Summer 2019 • Shantou University Bayesian Statistics (ongoing), Fall 2023 Linear Regression (ongoing), Fall 2023 Multivariate Analysis (96.92/100), Spring 2023 Sampling Technique (98.38/100), Spring 2023 Master course: Epidemiological Models (98/100), Spring 2023 Master course: Spatial Statistics (98.5/100), Fall 2022 Bayesian Statistics (96.12/100), Fall 2022 Multivariate Analysis (96.91/100), Spring 2022 Sampling Technique (96.13/100), Spring 2022 Bayesian Statistics (99.68/100), Fall 2021 Mathematical Statistics (99.40/100), Fall 2021 Sampling Technique (98.52/100), Spring 2021 	

INVITED
TALKS

- “Multivariate Space-Time Modeling of Multiple Air Pollutants and their Health Effects Accounting for Exposure Uncertainty”, in Academia Sinica, 2017.
- “Multivariate Space-Time Modeling of Multiple Air Pollutants and their Health Effects Accounting for Exposure Uncertainty”, in The 26th South Taiwan Statistics Conference, 2017.
- “Multivariate Space-Time Modeling of Multiple Air Pollutants and their Health Effects Accounting for Exposure Uncertainty”, in Graduate Institute of Statistics and Information Science National Changhua University of Education, 2017.
- “Daily mortality/morbidity and air quality: using multivariate time series with seasonally-varying covariances”, at University of Southampton, 2019.
- “Daily mortality/morbidity and air quality: using multivariate time series with seasonally-varying covariances”, at Shantou University, 2021.

INVITED
CONFERENCES

- 2015 Annual University of Glasgow Learning and Teaching conference in Glasgow, UK.
- Research Students’ Conference in Leeds, UK
- GEOMED 2015 in Florence, Italy.
- Conference on Experimental Design and Analysis 2016 in Taiwan.
- The International Environmetrics Society (TIES 2016) in Edinburgh, UK.
- The International Environmetrics Society (TIES 2017) in Bergamo, Italy.
- The 26th South Taiwan Statistics Conference 2017 in Taiwan.
- The 2018 IISA International Conference on Statistics in Florida, USA.
- JSM 2018: Joint Statistical Meetings - American Statistical Association in Vancouver, Canada.
- 2019 Annual Meeting for Statistical Society of Canada. in Calgary, Canada.
- Geomed 2019 in Glasgow, UK.
- The 9th General Assembly of Members of the Guangdong Mathematical Society and the 2021 Academic Annual Conference in Meizhou, China.
- Chinese Mathematical Society 2021 Academic Annual Conference in Yunnan, China.
- Geomed 2022 at the University of California, Irvine, US.
- ICSA 2023 China Conference in Chengdu, China.
- Joint Conference on Statistics and Data Science in China (JCSDS 2023) in Peking, China.
- The 9th International Forum on Statistics (RUC IFS 2023) in Peking, China.
- 23rd Meeting of New Researchers in Statistics and Probability in Toronto, Canada.
- JSM 2023: Joint Statistical Meetings - American Statistical Association in Toronto, Canada.
